College of Education Mission Statement
The mission of the College of Education Community is to collaboratively transform public education by preparing thoughtful educators and advancing professional practices. We are committed to diversity, educational equity, and social justice, exemplified through reflective teaching, life-long learning, innovative research and on-going service. Our practices demonstrate a commitment to student-centered education, diversity, collaboration, professionalism, and shared governance. (Adopted by COE Governance Community, October, 1997).

Course Description
The purpose of the course is to provide students with a theoretical rationale for counseling/coaching individuals and families who have communicative disorders. The course will develop and illustrate a model for such counseling that is grounded in positive psychology, the rapidly growing branch of clinical psychology that focuses on mental health and well-being and how to achieve and maintain it. Students in the course will complete exercises and be trained in the use of specific techniques for working with parents of children and families of those whose communicative disorders were incurred in childhood or adolescence; and finally, for working with individuals and families who have communicative disorders acquired in adulthood.

Course Prerequisites: Admission to the MA in Education Option in Communicative Sciences and Disorders

Course Objectives:
The student will:

1. Develop a comprehensive knowledge base of theoretical approaches, including positive psychology, to counseling/coaching individuals and families/significant others who have communicative disorders.

2. Develop skills in the use of specific techniques for counseling clients whose communicative disorders were incurred in childhood, adolescence, and/or adulthood and the families and/or significant others of such individuals.

3. Identify personal stumbling blocks to success counseling relationships and interactions.

4. Develop an understanding of grief and coping responses and the issues germane to specific clinical populations and specific clinical settings.
5. Identify common defense mechanisms and strategies to work through them.

6. Develop an understanding of the needs of adult learners and strategies to meet those needs successfully.

7. Clarify the scope of practice and preferred practice patterns related to counseling and education.

8. Identify mechanisms for refer currently in practice in San Diego County.

Course Standards:

ASHA Standards III-D, E & F; IV-B, F & G; V-A

At a minimum, students must attend more than 80% of class time, or s/he may not receive a passing grade for the course at the discretion of the instructor. Individual instructors may adopt more stringent attendance requirements. Should the student have extenuating circumstances, s/he should contact the instructor as soon as possible. (Adopted by the COE Governance Community, December, 1997).

Students with Disabilities Requiring Reasonable Accommodations

Students with disabilities who require reasonable accommodations must be approved for services by providing appropriate and recent documentation to the Office of Disable Student Services (DSS). This office is located in Craven Hall 4300, and can be contacted by phone at (760) 750-4905, or TTY (760) 750-4909. Grading Standards
Consistent with requirements set forth by the School of Education and the Office of Graduate Studies and Research, the minimal acceptable grade for passing a course in the ComDis Program is a B. A review of the student’s performance will need to be conducted should s/he earn less than a B in any course. Please note that CSUSM requires graduate students to maintain a cumulative GPA in all coursework towards the MA of 3.0. Should your GPA fall below a 3.0, you will be placed on Academic Probation and you will have one semester to bring your GPA back above a 3.0 or you will be disqualified from the program.

Students need to pass all graded assignments with a B or better to demonstrate acquisition of skills and knowledge towards meeting the standards for practice. Students may be offered an opportunity to redo/retake a single assignment at the instructor’s discretion. Any assignment requiring a make-up will receive a 20% reduction in possible points for that assignment. If a student receives less than a B on the makeup, or receives less than a B on more than one assignment, the student will be obligated to repeat the course. Please note that CSUSM only allows for two courses to be retaken at the MA level. Should you earn less than a B in more than two courses, you will be disqualified from the program. Make-ups are intended to offer a second opportunity for students to demonstrate competence on important standards so as to avoid academic probation. Make-ups are not intended to improve grades or GPA. Please be advised that each student is expected to operate in a professional manner and present her/his best work the first time. Make-ups need to be scheduled within one (1) week of receipt of the failing grade.

Students are expected to turn all work in when it is due. Work submitted late, but within one week of the due date will be reduced by one letter grade. Work received over one week late will receive no credit. Your work will be graded on both content (detail, logic, synthesis of
information, depth of analysis, etc) and mechanics (grammar, syntax, spelling, format, uniformity of citations, etc). You are entering into a professional career that requires mastery of the written language. You will be graded as such.

**Letter grade (percentage total points):**

- A = 93 and above
- A- = 90.00-92.99
- B+ = 88.00-89.99
- B = 83-87.99
- B- = 80-82.99
- C+ = 78.00-79.99
- C = 73-77.99
- C- = 70-72.99
- D+ = 68.00-69.99
- D = 63-67.99
- D- = 60-62.99
- F = 59.99 and below

**All University Writing Requirement**

Every course at the university must have a writing requirement of at least 2500 words. Your evidence-based practice paper will be used to satisfy this requirement.

All scholarly, professional writing assignments will be subjected to grading based on the Communicative Sciences and Disorders Graduate Writing Assessment Rubric. All writing assignments must be submitted in both hard copy AND through the Cougar Courses container. You will be expected to adhere to the Academic Honesty Policy and use APA style referencing in all professional writing.

Assignments graded on the Communicative Sciences and Disorders Graduate Writing Assessment Rubric are graded on a 4 point scale. The conversion is as follows:

- 4 = A = 95 points = exceeds standards
- 3 = B = 85 points = meets standards
- 2 = C = 75 points = approaching, but does not meet standards
- 1 = D = 65 points = fails to meet standards

**CSUSM Academic Honesty Policy**

“Students will be expected to adhere to standards of academic honesty and integrity, as outlined in the Student Academic Honesty Policy. All written work and oral presentation assignments must be original work. All ideas/materials that are borrowed from other sources must have appropriate references to the original sources. Any quoted material should give credit to the source and be punctuated with quotation marks.

Students are responsible for honest completion of their work including examinations. There will be no tolerance for infractions. If you believe there has been an infraction by someone in the class, please bring it to the instructor’s attention. The instructor reserves the right to discipline any student for academic dishonesty in accordance with the general rules and regulations of the university. Disciplinary action may include the lowering of grades and/or the assignment of a failing grade for an exam, assignment, or the class as a whole.”

Incidents of Academic Dishonesty will be reported to the Dean of Students. Sanctions at the University level may include suspension or expulsion from the University.

**Plagiarism:**

As an educator, it is expected that each student will do his/her own work, and contribute equally to group projects and processes. Plagiarism or cheating is unacceptable under any circumstances. If you are in doubt about whether your work is paraphrased or plagiarized see the Plagiarism Prevention for Students website http://library.csusm.edu/plagiarism/index.html. If there are questions about academic honesty, please consult the University catalog.

**Electronic Communication Protocol:**
Electronic correspondence is a part of your professional interactions. If you need to contact the instructor, e-mail is often the easiest way to do so. It is my intention to respond to all received e-mails in a timely manner. Please be reminded that e-mail and on-line discussions are a very specific form of communication, with their own nuances and etiquette. For instance, electronic messages sent in all upper case (or lower case) letters, major typos, or slang, often communicate more than the sender originally intended. With that said, please be mindful of all e-mail and on-line discussion messages you send to your colleagues, to faculty members in the School of Education, or to persons within the greater educational community. All electronic messages should be crafted with professionalism and care.

**Things to Consider:**

- Would I say in person what this electronic message specifically says?
- How could this message be misconstrued?
- Does this message represent my highest self?
- Am I sending this electronic message to avoid a face-to-face conversation?

In addition, if there is ever a concern with an electronic message sent to you, please talk with the author in person in order to correct any confusion.

**Professional and Administrative Requirements**

1. “Person-first” language (e.g., “student with specific language impairment” rather than “language-impaired student”; “Johnny who presents with Down syndrome” rather than “my Down syndrome student”) must be used throughout all written and oral assignments and discussions.

2. Word process all written documents. Keep an electronic copy of all of your work. You will want these for your records and for potential future use as professional portfolio entries.

3. Complete and hand in all assignments on the due dates for full credit. If you have extraordinary circumstances that impact completion of your assignments, please inform the instructor(s). Any time that you have questions or concerns, please contact the instructor(s) immediately.

4. Participate actively in class discussions and group activities and demonstrate positive interpersonal skills with classmates, the instructors, and guests.

5. Collaborative teams will be assigned by the instructor from among the members of the class. Document the members of your team below and enlist their support to ensure you receive handouts and information if you miss class.
